The Director of
the AA School of Architecture
Brett Steele invites you to a
private view on Friday 4 November
2011, 6.30–8.30pm

Curated by Elias Redstone, **ARCHIZINES** celebrates the recent resurgence of independent architectural publishing. The AA exhibition showcases 60 of these magazines, fanzines and journals from over 20 countries; from photocopied and print-on-demand newsletters to widely distributed magazines. Made by architects, artists and students, these archizines offer an important, and often radical, addition to architectural discourse. Each magazine is available to read in the exhibition along with video interviews with their creators talking about the relationship between architecture and publishing.

An accompanying catalogue published by Bedford Press and featuring not only profiles of all 60 archizines but essays from a number of their editors will be launched at the opening.

ARCHIZINES LIVE
Saturday 5 November
3pm AA Soft Room

A selection of editors of publications on view in the exhibition will discuss their work in an event hosted by curator Elias Redstone in the AA's new Soft Room.
